

James Watson

Full Stack Developer

Portfolio: <https://www.jameswatson.work/>

Hello, I'm James Watson a self taught Junior Full Stack Developer studying daily to improve my skills in all areas in web development. Finding myself always looking to create something new so I can find out the latest libraries and learn what is the best and most efficient way to solve the challenge at hand. Most proficient in Javascript using mongoDB as my database. Also I am learning php, python and mySQL through online courses and creating projects. I would strongly recommend visiting my portfolio as that best represents my work.
