jameswatson98@hotmail.com

Profile:

Hard working self taught Junior Full Stack Developer studying daly improving my skills in all areas in web development. Finding myself always looking to find out the latest libraries and learn what is the best and most efficient way to solve the challenge at hand. Most proficient in Javascript using mongoDB as my database. I am still learning php, python and mySQL through online courses and creating projects as i believe it's good to have a base knowledge of the top programming languages .

James Watson

Full Stack Developer
